Shell Education Pub, United States, 2015. Paperback. Book Condition: New. 267 x 216 mm. Language: English, Spanish . Brand New Book. Learn all about angles with this exciting Spanish-translated book about basketball! Examples taken from the lively sport keep readers engaged and help them better understand geometry and STEM themes. Readers will learn about different types of angles and their qualities, familiarizing themselves with acute angles, obtuse angles, right angles, and straight angles. All of these angles have a vertex, rays, and an angle degree that children can measure with a protractor. Translated in Spanish, this title encourages children to apply mathematics to other topics by teaching them about both sports and angles in one entertaining book! Vibrant images, easy-to-read informational text, engaging practice problems, and text features such as a glossary and index work together to make learning about angles easy and exciting!.
