Slow Comes the Dark Volume 3 Darkness Descends (Paperback)

By Vic Broquard

Broquard eBooks, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The fight for freedom from corporation control spreads to Ragnar-B, a remote world in the rim sector of Twillis, adjacent to the rebel Abelard Sector. On this world, the fight takes a wildly different turn. The three top CEOs of the three most powerful corporations, Galaxy Dynamics, General Robotics, and Galactic Electronics, have secretly built robot fighters, the tin cans, or CAM (Cybernetic Android Mobile). However, their scheme is vastly worse than mere impervious fighting robots. They've developed the Shadow Maker system. When its rays hit a human being, it slowly turns the body into its constituent atoms and molecules, leaving a small pile of dust. Worse, via an ultra-high frequency ray in the kilo-yatta-hertz range, the spiritual beings, the personality, the person, the id, the ghost, or the soul, whatever you wish to call it, is pulled out of their disintegrating body and forced into one of these new robot bodies. Worse, via this same energy beam, the being is then forced to operate the robot shell and fight for the CEOs, killing other people...

Reviews

This publication may be really worth a go through, and a lot better than other. It really is full of knowledge and wisdom. It's been printed in an exceptionally easy way. In fact, it is simply after I finished reading this publication by which I basically modified me, affect the way I really believe.
