BRILLIANCE AUDIO, United States, 2014. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. When asked what he does for a living, Commander Mark Bishop is deliberately low-key: I'm in the navy. But commanding the ballistic missile submarine USS Nevada, keeping its crew trained and focused during 90-day submerged patrols, and being prepared to launch weapons on valid presidential orders, carries a burden of command like few other jobs in the military. Mark Bishop is a man who accepts that responsibility, and carries it well. And at a time when tensions are escalating in the Pacific Rim, the navy is glad to have him. Mark wants someone to come home to after sea patrols. The woman he has in mind is young, pretty, and very smart. She's a civilian, but she understands life in the navy. And he has a strong sense that life with her would never be boring. But she may be too deep in her work to see the potential in a relationship with him. Gina Gray would love to be married. She has always envisioned her life that way. But a breakup she didn't see coming has her focusing all her attention on what she does best ocean science research. She's on the cusp of a breakthrough, and she needs Mark Bishop's perspective and help. Because what she's told the navy she's figured out is only the beginning. If she's right, submarine warfare is about to enter a new and dangerous chapter.
