Reviews

Absolutely essential go through publication. It is filled with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Dr. Sierra Lowe Sr.)

THE JFK ASSASSINATION DEBATES: LONE GUNMAN VERSUS CONSPIRACY

University Press of Kansas. Paperback. Book Condition: New. Paperback. 296 pages. Dimensions: 8.8in. x 5.9in. x 0.7in. Who killed JFK? Ever since that fateful day in Dallas, theories about President Kennedy's murder have proliferated, running the gamut from the official lone gunman verdict to both serious and utterly screwball conspiracy theories. Michael Kurtz, a distinguished historian who has plumbed every crevice of this controversial case for more than thirty years, now sums up and critiques four decades of debate, while also offering provocative new perspectives. Kurtz presents an objective accounting of what we actually know and don't know about the assassination, underlining both the logic and the limitations of the major theories about the case. He then offers unique interpretations of the physical and forensic evidence and of existing areas of controversy, leading him to new conclusions that readers will find hard to dismiss. Kurtz shows how the official investigations' egregious mishandling of the crime-scene evidence related to virtually every aspect of the case is largely responsible for the lone gunman conspiracy schism that confronts us today. Those responsible for that investigation (including the Dallas police, the FBI, and the Warren Commission) failed so miserably in their efforts that they would have been laughed off the air if they had been portrayed on any of TV's popular CSI series. One of the few experts writing on the subject who actually met Oswald, Kurtz also provides new information about the accused assassin's activities around the time of the assassination and about his double life, analyzing Oswald's ties to the intelligence community, to organized crime, and to both anti- and pro-Castro Cuban activists. Mustering extraordinary documentation—including exclusive interviews with key figures and extensive materials declassified by the Assassination Records Review Board—he both confirms and alters much previous speculation about Oswald and other aspects of the case....
